Remaining right for reduced statutory fee

If in the academic year 2020-2021 you were entitled to pay the reduced statutory fee but started on a later date than 1 September, you are entitled to pay the reduced statutory fee for part of the year 2021-2022.

Example if your enrolment in the academic year 2020-2021 started on 1 February.

Your tuition fee amount for 2021-2022 will be calculated as follows:

- In 2020-2021 you have used up 7 months (February until August) of your total right of 12 months reduced statutory fee.
- In 2021-2022 you have 5 months left (September until January) of your total right of 12 months reduced statutory fee.
- In 2021-2022 betaal je: $(5/12 * €542) + (7/12 * €1.084) = €858.16$

If your enrolment in 2021-2022 starts on a later date than 1 September

If your enrolment starts on a later date than 1 September, your tuition fee will be debited in the number of instalments that are still remaining after that date. The tuition fee amount is based on the number of months that you will be enrolled for; for each month you will pay 1/12th of the tuition fee amount that is applicable in your situation.
