

# MAIN BUILDING THE HAGUE

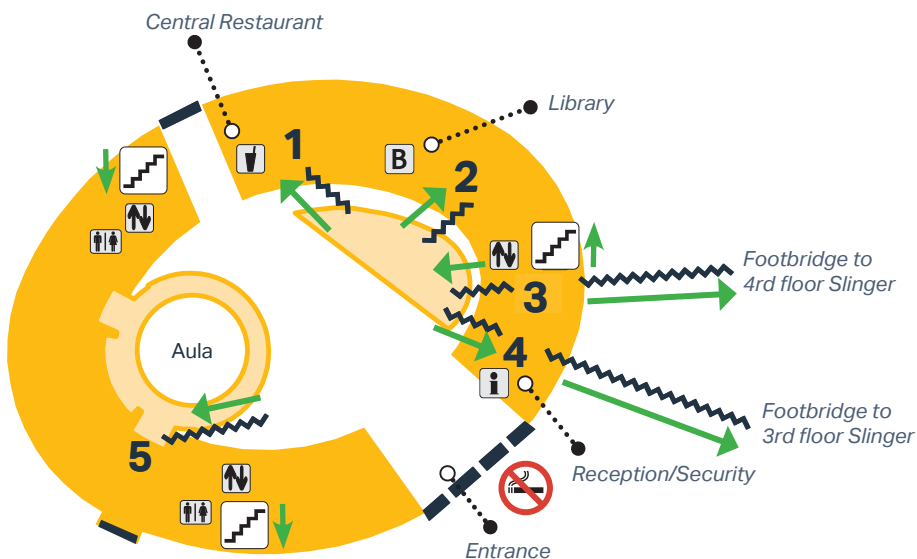

## Welcome at The Hague university of Applied Sciences!

In and around the building of The Hague university of Applied Sciences (THUAS) we adhere the 1.5 meter rule. Therefore, there are some adapted walking routes within the building. The adapted walking routes in hallways and stairwells are clearly marked. You can also find them on this map. Note: the internal stairs on the corridors always go upstairs. Please give everyone enough space to safely pass each other.

- ✓ **Be considerate**
- ✓ **Remind each other in a friendly manner**
- ✓ **We're in this together**
