

Starting information for August 2019

Do you start your studies at The Hague University of Applied Sciences (THUAS) in August? Here you will find useful and important information

Programme: Industrial Design Engineering (IDE)

When and where do we welcome you?

We start the year 2018-2019 with an introduction week. In this week you get to know your fellow students, the lecturers, the building and you will start your first design project. On Monday August 27th we kick off 9:30 AM at university (see address below). On Thursday August 30th, we wrap up the introduction week with a barbeque at the beach in Scheveningen.

Monday August 27th 9:30

The Hague University of Applied Sciences – Main campus
Johanna Westerdijkplein 75, 2521 EN The Hague
Room: RZ 1.62

Please note that The Hague University of Applied Sciences also organizes some city wide introduction activities in the week beforehand, from August 20th – 24th. See the link below for more information:

Introduction

For your first week at IDE we have a program that mixes introductory activities with the kick-off of the first design project. While working on your project with your team, you will explore university, its surrounding and end up at the Northsea beach for the idea presentations and celebrations.

As a design student we expect you to carry basic drawing and writing materials at all time, but pencils and paper will do fine for the first week. A laptop might come in handy at some times, but is not necessary yet. From week 2 on we start the regular program where we strongly recommend a laptop and specific design drawing materials.

Booklist

Semester 1: Basics of IDE

- **TeamWorks: By students, for students.**
Smulders, F. M. Brehmer, H. van der Meer. 2012, Delft, Mosaic Business Publishers.
- **Engineering Mechanics: Statics plus Mastering Engineering SI Edition**
Hibbeler, Russell C. | Pearson Education | 14th edition or earlier
- **Business Model Generation.**
Osterwalder, A & Pigneur, Y. ISBN 9780470876411
- **Universal Methods of Design.**
Hannington, B. | Rockport Publishers imprint of Quayside | Druk: 1 ISBN: 9781592537563
- **Manufacturing Processes for Design Professionals.**
Thompson, R. Thames & Hudson. ISBN 9780500513750

Additional, non-mandatory reading will be communicated prior to and during the semester as well.

Second semester and onwards is choice based, so a general literature list cannot be provided. This will be communicated before the start of each semester.

Schedules

At this moment, the detailed schedules are not yet published. They will be available when we kick off with the introduction week. You will have around 20 hours per week of workshops and lectures, the other 20 hours are for self-study and project (team) work. Usually we schedule classes from Monday to Thursday between 8:45 and 18:00 (Tuesday possibly 19:00).

Contact information during the summer holidays

For questions about your **enrolment** at THUAS, you can contact the enrolment office at: CSI@hhs.nl

Regarding **practical matters**, please have a look at the information provided by the International Office: <https://www.thehagueuniversity.com/practical-matters/international-student-services/international-office>

In case you have any questions about the **IDE program**, you can contact the faculty bureau of Technology, Innovation and Society (TIS):

Telephone number: 070 - 445 8720

E-mail: TIS@hhs.nl

You can reach us: from Monday to Friday from 9:00 to 17:00.
