

How to apply for a **private bank account** at ABN AMRO

More questions or need help? Contact us via [the Service and Contact page](#) on our website

Arrival in The Netherlands

Arrange your registration in and BSN (citizen service number) at your new Dutch municipality.

Apply for a bank account at ABN AMRO

Download the ABN AMRO app from the App and Play Store and start opening a new bank account. Scan your ID and take a photo to identify yourself and answer some questions.

If you do not yet have your BSN (citizen service number) you can still continue and provide it within 120 days after you have become a customer. More info about this on www.abnamro.nl/en/personal/overabnamro/privacy/bsn

Welcome to ABN AMRO!

As soon as you become a customer you receive a welcome e-mail. Do you still need to give us your BSN or proof of your registration? The e-mail will explain how.

We send you some letters

Within 3 to 5 working days, you will receive a few letters. One of them has your new debit card. Activate the card first, then activate the ABN AMRO app.

Finish your remaining tasks

Check your in-app messages and the tasklist. Do you still need to give us your BSN and/or proof of your registration? You can do this in the app. Is everything provided? Then you have full access to your new bank account!
